TECHNICAL DETAILS

Estate

At Aveleda, innovating is a family tradition. Here, we mix the empirical knowledge in winegrowing acquired through the ages with the latest technology and techniques available.

Winemaking

Aveleda Fonte White is a blend made from indigenous varieties from the Vinho Verde Wine Region. The night harvest allows the grapes to keep their freshness and, consequently, preserve their aromatic properties. When arriving at the vinification center, the grapes undergo soft pressing at low pressures. The alcoholic fermentation happens in stainless steel vats under strictly controlled temperatures to preserve the most typical aromas of the varieties. Fermentation happens in contact with lees in order to keep the freshness of the wine.

Food Suggestions

Pairs well with cod fish cakes, marinated olives, empanadas, chicken or vegetable curry, grilled white fish with vegetables dishes.
