TECHNICAL DETAILS

The Estate

Passione Natura was born as an integrated supply chain project. We start from the management of the vineyard to arrive at specific tailor-made vinifications. They also create organic and biodynamic private labels. Their story begins in 2014, after over 20 years of experience in the production of quality wines, from certified organic and biodynamic agriculture.

Fermented with skins for 20 days at controlled temperature in steel tanks. Matured for 5 months in steel tank. Made of 100% Montepulciano.

Food Suggestions

Pairs well with beef, pasta, veal, and pork based dishes.
