100% handmade from local grains

2BAR Spirits is descended from five generations who ranched their land under the 2BAR brand. For more than a century we have stood for quality, independence and hard work. Now those characteristics transcend to 2BAR Spirits, handcrafted in Seattle, Washington.

Featuring a six grain mashbill that has a stunning blend of four malted barleys making 34% of the build with 60% corn, and 6% wheat to add smoothness between the distinctive flavors of the malted barley. Aged 4+ years in new American oak.

TASTING NOTES

A long time in the works! To our knowledge we are the first bottled in bond distillery in Washington State and one of the first craft distilleries to release one. You'll love the long lingering honeyed finish, but the midpalate notes of milk chocolate, cherry, vanilla, and Chai spices are what separate this Bourbon from the rest!
