TECHNICAL DETAILS

The Estate

CVNE is one of the most important wine producers of Spain, on account of its illustrious history, and its omnipresence in the contemporary Spanish wine scene. Founded by the Real de Asua brothers in 1879, it remains family-owned and family-run, with the latest generation committed more than ever to making great wine in meaningful quantities.

Wine Making

Once the grapes are harvested, the three varieties are placed in stainless steel tanks and after a few hours of maceration the drawing off is performed by gravity and without pressing, thereby obtaining the must which will ferment for 20-25 days at a controlled temperature, always below 16°C.

Food Suggestions
