

ALION

ALION RIBERA DEL DUERO TEMPRANILLO

RIBERA DEL DUERO • CASTILLA Y LEON • SPAIN • EUROPE

TASING NOTES

Belonging to the Ribera del Duero DO, Alión is grown at barely fifteen kilometers from the Vega Sicilia estate. In Alión, a careful selection was made of terroirs spread across the best areas of the appellation of origin (DO). Using the parent company's viticulture, firmly-structured wines were produced from these mutually complementing plots. Possessing great personality, Alión is matured for 12-14 months in new French oak barrels so as to obtain the wine which is the most universally popular of the family. Indeed, it settles in the bottle to ensure a perfect wine experience. Alión is an intense, complex and fleshy wine, where elegance acts as the differentiating element and the winery's seal of identity. Genuine character, modern and multicultural. They are elegant wines, fresh, complex and subtle; perfect for pairing
