

ADAPTATION

ADAPTATION NAPA VALLEY PETITE SIRAH

NAPA VALLEY • CALIFORNIA • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

The Estate

Adaptation presents a chance for the Odette Estate winemaking team to explore vineyards outside the verdant walls of our Stag's Leap Estate.

Wine Making

Fermentation took place in small fully jacketed stainless steel fermenters after a 48-hour cold soak at 55°F. The stainless steel fermenters showcase the purity of the fruit while preserving the freshness and allowing the terroir to shine.

Food Suggestions

Pairs well with beef, lamb, deer, and venison.

TASTING NOTES

This expressive and full bodied Petite Sirah exhibits a deep black/purple hue with layers of blackberry liqueur, blueberries, raspberries, violets, anise, hints of cloves and a gorgeous texture with seamless, integrated tannins.

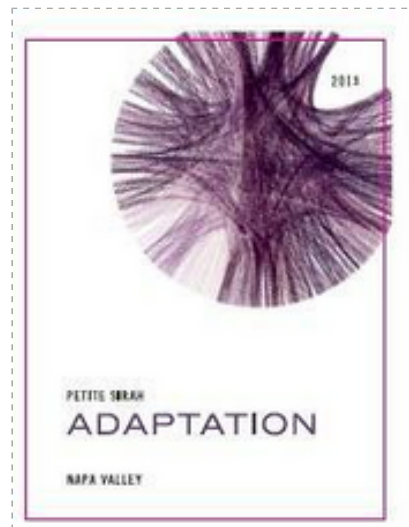

Petite Sirah grape blend.

This wine contains allergens, sulfites.
