RIFF PINOT GRIGIO

DELLE VENEZIE • ITALY • EUROPE

TECHNICAL DETAILS

The Estate

The wines for Riff Pinot Grigio are blended from selected vineyards in the foothills of the northeastern Italian Alps, which influence the climate and bless the region with prized alluvial limestone soils.

Wine Making

The high limestone content is the geological result of coral reefs and fossils deposited at the bottom of an ancient sea that covered the region millions of years ago. The name Riff (German for “reef”) refers to the Alps’ origin in that sea. After many years of working with their grower partners to convert to organic farming, Riff became certified organic with the 2021 vintage.
