

LIFEVINE

LIFEVINE CALIFORNIA CABERNET SAUVIGNON

CALIFORNIA • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

Estate

We wanted to produce a wine that fits your lifestyle. We wanted a wine that believed in purity and transparency. We wanted a wine that delivered excellent taste. That is why we created Lifevine. We are committed to the highest level of transparency because we believe you should know what's in your wine. Beyond low sugar, wine should be pure and free of harmful toxins and pesticides, without compromising quality or flavor.

Winemaking

They ensure every one of our wines must deliver the highest level of purity and delicious taste. Each step from the soil to the bottle is handled with care and craftsmanship to ensure that the wine you drink is just wine – the way mother nature intended.

Food Suggestions

Pairs well with beef, lamb, deer, venison, and poultry dishes.

TASTING NOTES

This Cabernet Sauvignon is dense purple with a vivid magenta rim. In the glass, aromas of rich blackberry jam and bramble leap forward while notes of black currant, violets, bay leaf and black tea offer greater depth. Upon tasting, this dry wine offers concentrated black cherry and plum with a savory core that is speckled with hints of cocoa, toffee and cedar. The body is bold and balanced with tannins that fade alongside the finish.

100% Cabernet Sauvignon grape blend.

This wine contains allergens, sulfites.
