Wine Making

The vinification process happened in stainless steel tanks. Aged for 12 months on lees in stainless steel vats.

Food Suggestions

Pairs well with shellfish, crab, and lobster based dishes.

TASTING NOTES

It is an excellent example of the characteristics of a Chablis wine: freshness, acidity, minerality and notes of flowers and fruit. Well-rounded and charming, this wine has a final note of minerality on the palate and is a good compromise between the acidity and fruit. It is generous, with a good length and is very typical of Chablis.

Chardonnay grape blend.

This wine contains allergens, sulfites.
