TECHNICAL DETAILS

The Estate

CVNE is one of the most important wine producers of Spain, on account of its illustrious history, and its omnipresence in the contemporary Spanish wine scene. Founded by the Real de Asua brothers in 1879, it remains family-owned and family-run, with the latest generation committed more than ever to making great wine in meaningful quantities. The 3 company wineries perfectly symbolise the 3 principles that have always characterised the CVNE philosophy : the respect of heritage evident at the historic Haro bodegas; the embrace of new technology and innovation in the James Bond-inspired Viña Real facility; and the valorisation of terroir that is Contino, Rioja's most magical vineyard site transformed into truly magical wines.
