TERRA VIVA DELLE VENEZIE PINOT GRIGIO

DELLE VENEZIE • ITALY • EUROPE

TECHNICAL DETAILS

The Estate

Terra Viva is a range of organic and vegan wines aiming to transmit passion for good Italian wines to consumers, with an excellent quality-price ratio at all times. The name Terra Viva was inspired by the profound bond between the vine and the land which nurtures it, a union between man and nature which conjures up a return to our origins and family.

Wine Making

Winemakers take care of the vineyards which breathe life into wines – products of their terroir and philosophy – safeguarding and enriching the land and generating a wine which fully respects the environment and man.

Food Suggestions

Pairs well with full-flavored fish dishes, which its pleasant tanginess makes it perfect with.

TASTING NOTES

Careful Pinot Grigio vinification produces a bright straw yellow wine with coppery highlights resulting from its skin-wine contact. On the nose it is generous, with floral notes and delicate citrusy nuances. Appealing peach and floral aromas followed by refreshingly zingy flavours of tart green apple and lime. Quite a long finish. Green apple, pear and yellow citrus fruit together with a minerals salt stone like taste.

100% Pinot Grigio grape blend.

This wine contains allergens, sulfites.
