Food Suggestions

Pairs well with pasta, veal, pork, deer, venison, and poultry based dishes.

TASTING NOTES

In many ways this is textbook Barbera: rich, powerful dark fruit, macerated strawberry, a hint of cocoa and smoky leather, with present but well-integrated tannic structure. There's plenty of intensity along with lively acidity which freshens the experience considerably. The wine is excellent now but would reveal more complexity with age.

Barbera grape blend.

This wine contains allergens, sulfites.
