CHRONIC CELLARS 'SOFA KING BUENO' RED BLEND PASO ROBLES

PASO ROBLES • CALIFORNIA • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

The Estate

The concept of Chronic Cellars came about in the midst of harvest in 2004. We had used the term "The Chronic" to describe likable objects before, but we had never considered it a suitable descriptor for wine.

Wine Making

Every bottle showcases beautiful fruit grown in local vineyards by meticulous growers who recognize and share the same desire for high quality. They use the best grapes, barrels, equipment and anything they can get their hands on to produce enjoyable delicious wines.

Food Suggestions

Pairs well with beef, lamb, veal, and poultry.

TASTING NOTES

Chronic Cellars has included all the right players in this elegant and savory blend that weaves together a zing of black pepper, luscious black and blue fruits, and cool, earthy flavors. Round and full, the scales of acidity are balanced by approachable tannins and a touch of baking spices.
