AMERICA

TECHNICAL DETAILS

The Estate

Golden Gate Wine is dedicated to introducing new California, Oregon, Washington and other fine wines to Hong Kong and the region. The food and wine environment in HK is sophisticated and exciting, but we felt it was time to boost the choice of American wines, and those from California in particular.

Golden Gate Cellars is a collection of wines that celebrate the iconic gateway into California's Wine Country, where the unique terroir and influential coastal weather fuel the growth and production of some of California's most premium wine grapes.
