JUGGERNAUT 'HILLSIDE' CALIFORNIA CABERNET SAUVIGNON

CALIFORNIA • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

The Estate

Hillside vineyards have less access to water, with the rockier soil also holding fewer nutrients. These conditions stress the vines, resulting in the production of a fraction of the fruit of most vineyards. The harsh environment causes the vines to struggle, yielding fewer clusters and smaller berry size. Since most of the flavor resides in the grape skins, the result is berries that are loaded with rich, ripe, intensely concentrated flavors and complexity.

Wine Making

Aged for 11 months in new french oak barrels to transform intense hillside fruit into a wine with uncommon richness and smooth, luxurious texture.

Food Suggestions

Pairs well with beef, venison, lamb, deer, and poultry dishes.
