BORDEAUX • FRANCE • EUROPE

TECHNICAL DETAILS

The Estate

For over 100 years, the Queyrens family has preserved and passed on its know-how and its passion for wine from generation to generation. They own several Château in Bordeaux, such as Château du Pin-Franc, and Château des Graves du Tich in Sainte Croix du Mont. They purchased Château Pilet in 1965.

Wine Making

Traditional methods of winemaking combined with modern and efficient equipment are the hallmark of this estate. Alcoholic fermentation is performed at cold temperature to preserve the fruit aromas of the wine. After a few months of ageing the wines are clarified, assembled and bottled at the estate

Food Suggestions

Pairs well with pork, vegetarian dishes and poultry dishes, appetizers and snacks, and lean fish.
