

COOPERSTOWN SELECT

COOPERSTOWN SELECT STRAIGHT RYE WHISKEY

NEW YORK • UNITED STATES • NORTH AMERICA

TASTING NOTES

Cooperstown Select Straight Rye Whiskey – This distinguished straight rye whiskey is hand-crafted from rye and other grains which are 100% locally grown in New York State. Aged two to three years, this rye begins its journey in new American oak barrels and is then finished for at least one year in used Cabernet Sauvignon barrels. Notably bottled at cask strength, this impressive rye is incredibly complex and compares favorably to even the most prestigious names in the category. 102 Proof
