

CRATER LAKE

CRATER LAKE 'PROHIBITION' GIN

OREGON • USA • NORTH AMERICA

TECHNICAL DETAILS

A return to tradition, Crater Lake Prohibition Gin gives a nod to the pre-prohibition roots of American gin. Infused with wild handpicked juniper berries for a classic and definable single-botanical flavor. Mixologists love it—but you don't have to be a pro to enjoy this timeless classic.

TASTING NOTES

A traditional American-style gin handcrafted with wild, handpicked juniper berries. At 95 proof, it is crisp and flavorful with a surprisingly subtle nose.
