

JACKSON HOLE STILL WORKS

JACKSON HOLE STILL WORKS 'ABSAROKA DOUBLE CASK 49' BARREL AGED GIN

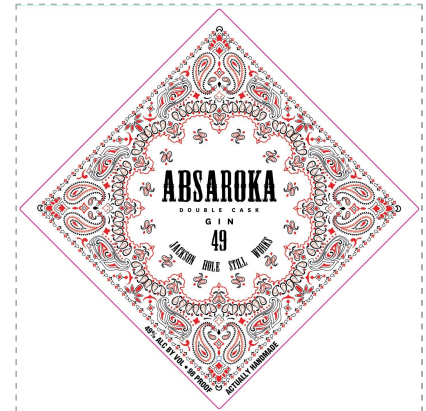

WYOMING • JACKSON HOLE • USA • NORTH AMERICA

TASTING NOTES

Absaroka Double Cask Gin 49 is a stunningly unique and reflexive spirit. Bold, complex and rich, this is not your grandfather's gin. Aged for 13 months in used American whiskey barrels, followed by an additional four months in new American oak casks. Essences of caramel, bright citrus and delicate floral notes align with the richness of American oak and aged whiskey. Subtle hints of clove, anise, and nutmeg round out this offering.
