

FROG'S LEAP

FROG'S LEAP 'SHALE AND STONE' NAPA VALLEY CHARDONNAY

NAPA VALLEY • CALIFORNIA • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

The Estate

Frog's Leap Winery was founded by John Williams and his wife at the time, Julie, and Larry Turley and his wife at the time, Jeannine. Larry, the founder of Turley Cellars and brother to well-known winemaker Helen Turley and John made their first barrel of wine from grapes they sourced from Stag's Leaps Wine Cellars. From vineyards to the winery, the focus is on growing and making balanced food-friendly wines. The wines are all made with non-inoculated (indigenous) yeasts. These are wines showing alcohol restraint; as of our latest visit, none of the wines were above 14% alcohol – a rarity these days in Napa Valley.

Wine Making

Since our first vintage in 1985, we have sourced our fruit from the same hillside of decomposed shale and sandstone in the cool Carneros district, meticulously maintained by the Truchard Family.

Food Suggestions

Pairs well with pork, rich fish such as salmon and tuna, vegetarian and poultry dishes.

TASTING NOTES

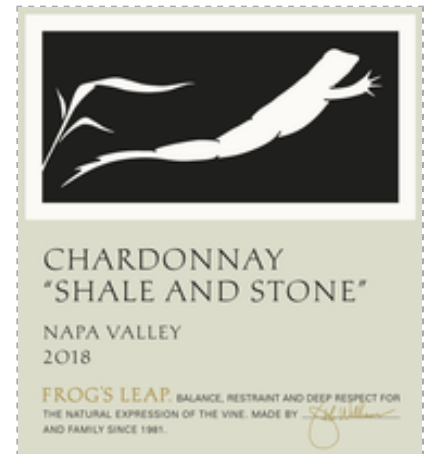

Vibrant acidity. Precise, crisp flavors, a mouthfeel without weight all with intriguing aromas of toasted hazelnuts, cream and white peaches.

100% Chardonnay grape blend.

This wine contains allergens, sulfites.
