INAMA 'VIN SOAVE' SOAVE SOAVE CLASSICO

SOAVE • VENETO • ITALY • EUROPE

TECHNICAL DETAILS

The Estate

With vineyard holdings almost exclusively on the Monte Foscarino, in the heart of the Soave Classico district, there was little choice but to specialize in the production of quality wines. Giuseppe Inama, who gradually acquired a total of 74 acres in the most enviable sites, founded the estate in the 1960s.

Wine Making

Garganega: this variety was introduced in the Classic area 2,000 years ago by the Romans. Vinification in stainless steel tank.

Food Suggestions

Pairs well with risotto, white-fleshed fish, sushi, salads, fresh ricotta, and seasonal vegetables such as broccoli, white and green asparagus, or peas.

TASTING NOTES

Vin Soave is our entry-level wine and represents half of our overall production. We define it as “a little luxury for everyday.” Classic, harmonic and intense wine. Ideal high-end wine by the glass: excellent quality/price ratio. On the nose there is the nectar of field flowers such as camomile, elderflower, iris. Mineral on the palate with an almond finish, typical of Classic Garganega.

Garganega grape blend.

This wine contains allergens, sulfites.
