LIFEVINE CALIFORNIA CABERNET SAUVIGNON

CALIFORNIA • UNITED STATES • NORTH AMERICA

TASTING NOTES

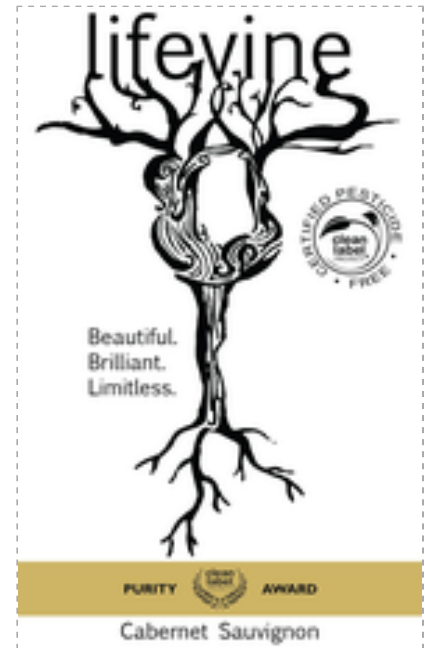

This Cabernet Sauvignon is dense purple with a vivid magenta rim. In the glass, aromas of rich blackberry jam and bramble leap forward while notes of black currant, violets, bay leaf and black tea offer greater depth. Upon tasting, this dry wine offers concentrated black cherry and plum with a savory core that is speckled with hints of cocoa, toffee and cedar. The body is bold and balanced with tannins that fade alongside the finish.

100% Cabernet Sauvignon grape blend.

This wine contains allergens, sulfites.
