TECHNICAL DETAILS

The Estate

The average age of our vines is 45 years, and is renewed by systematic supplementation. Knowledge of our vineyard allows us to preserve traditional know-how, but also to perfect it and innovate thanks to the new perspective brought by each new generation.

Wine Making

This 10 acre estate is situated on a commune separated from St Julien and from St Estèphe by the small valley of the brook of Juillac. In the East, it faces the wide estuary of the Gironde and is tilted towards a zone of forest on the West.

Food Suggestions

Pairs well with beef, lamb, deer, venison, and poultry dishes.

TASTING NOTES

This is almost pure Cabernet Sauvignon, as befits a wine from this prestigious appellation. It is driven by black-currant flavors and firm tannins that support the sophisticated fruits in a wine that will age well.

Cabernet Sauvignon, Merlot grape blend.

This wine contains allergens, sulfites.
