FIRST DROP 'FAT OF THE LAND' EBENEZER VYD' BAROSSA SHIRAZ

SOUTH AUSTRALIA • BAROSSA • AUSTRALIA

TECHNICAL DETAILS

The Estate

Born in 2004 with a thirst for creating wines meant to be enjoyed, not just admired. First Drop Wines is known for crafting deliciously exciting wines that not only stand the test of time but continue to push the boundaries of innovation.

Wine Making

Similar to 2017, March signalled the start of an Indian summer that lasted through into April. These perfect ripening conditions allowed us to pick all our block at the optimum point, and the resulting wines look the business.

Food Suggestions

Pairs well with beef and lamb.

TASTING NOTES

The colour of black cherries. Smells sweet-fruited, dark-fruited deep and rich. The black is lifted by a light minty note and lots of sweet spice. On the palate, it's full-bodied and generous but has unexpected freshness to balance all this plush fruit and dark-fruit sweetness. The tannins are deep and firm but already supple, the whole this is succulent and a powerhouse of pleasure. Some chocolate on finish.

Shiraz grape blend.

This wine contains allergens, sulfites.
