FIRST DROP 'FAT OF THE LAND' GREENOCK VYD' BAROSSA SHIRAZ

SOUTH AUSTRALIA • BAROSSA • AUSTRALIA

TECHNICAL DETAILS

The Estate

Born in 2004 with a thirst for creating wines meant to be enjoyed, not just admired. First Drop Wines is known for crafting deliciously exciting wines that not only stand the test of time but continue to push the boundaries of innovation.

Wine Making

The growing season pulled out of the station with winter rainfall around 10% higher than average. A dry spring combined with a warmer than average October and November meant the vine canopies grew quickly, and led to a good flowering and set.

Food Suggestions

Pairs well with beef and lamb.

TASTING NOTES

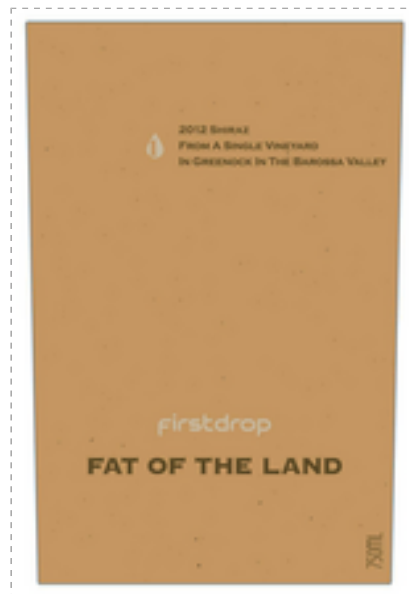

Impenetrable inky black color with a very deep black dark purple hue. Engulfing the nostrils are hedonistic blackberry, licorice, and dark plum aromas which are followed by dark chocolate, vanillin oak, hints of blueberry, and spicy mocha. Rich, broad, and lush yet at the same time remarkably fresh, the full-bodied palate has relentless waves of dark plum, licorice, blackberry, and blueberry fruit crash across it. The undercurrent vanillin cedar, earthy mocha, and spice characters.

Shiraz grape blend.

This wine contains allergens, sulfites.
