GHOST BLOCK YOUNTVILLE 'MORGAN LEE' SAUVIGNON BLANC

NAPA VALLEY • YOUNTVILLE • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

The Estate

The Ghost Block Sauvignon Blanc is sourced from our oldest block in the MorgaenLee Vineyard, located in Yountville, Napa Valley. This property encompasses 30.25 acres, primarily planted with certified-organic, family-owned Sauvignon Blanc. The vines, planted in 1978, are Clone 1 grafted to St. George rootstock, and this block is dry-farmed. During harvest, we divide the block into three separate picks, each targeting different stages of maturity.

Wine Making

. This approach allows us to blend three distinct wines from the same block, each with unique flavor profiles, resulting in a breathtaking Sauvignon Blanc. This meticulous approach allows us to blend three different wines from the same block, each with its own unique flavor profile, resulting in a truly exceptional Sauvignon Blanc. The moderate temperatures of 2023 further contributed to the wine's vibrant acidity and complex flavor development.

Food Suggestions

Pairs well with grilled scallops with lime and herbs.

TASTING NOTES

Vibrant aromas of lemon, lime, and grapefruit, beautifully complemented by hints of white peach, jasmine, and flint. The clean, sharp mouthfeel is perfectly balanced by a smooth, round mid-palate, a result of the sur-lie aging process. This culminates in a refreshing, crisp finish. On the palate, the wine reveals layers of green apple, nectarine, and subtle notes of honeydew, all interwoven with a touch of minerality. The lively acidity enhances the overall structure, making each sip both invigorating and satisfying.

Sauvignon Blanc grape blend.

This wine contains allergens, sulfites.
