

DECOY VINEYARDS

DECOY 'FEATHERWEIGHT' CABERNET SAUVIGNON

CALIFORNIA • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

The Estate

Decoy Wines is known for delivering premium-quality California wines that balance approachability with varietal character. The Featherweight line was created to offer a lighter, lower-alcohol expression while maintaining the flavor and polish Cabernet Sauvignon drinkers expect.

Wine Making

Grapes are sourced from select California vineyards and harvested earlier to naturally retain freshness and moderate sugar levels. Fermentation is carried out in stainless steel to preserve fruit purity, with minimal oak influence to keep the profile light and approachable. The winemaking approach focuses on balance, lower alcohol, and everyday drinkability.

Food Suggestions

This lighter Cabernet pairs well with grilled chicken, turkey burgers, and roasted vegetables. It also complements pasta with lighter sauces, pizza, and casual weeknight meals. Its softer structure and lower alcohol make it an excellent option for by-the-glass programs and health-conscious wine lists

TASTING NOTES

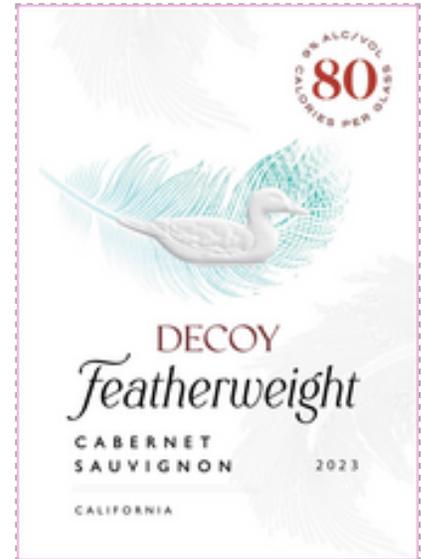

This Cabernet Sauvignon shows a bright ruby color with aromas of red cherry, raspberry, and ripe plum, accented by subtle notes of cocoa and gentle spice. The palate is lighter-bodied and smooth, offering fresh red fruit flavors supported by soft tannins and lively acidity. The wine maintains balance and drinkability without heaviness. The finish is clean, supple, and refreshing.

Cabernet Sauvignon grape blend.
