TECHNICAL DETAILS

The Estate

Maison Marcel is a modern French brand focused on clean, expressive wines sourced from the sun-drenched vineyards of southern France. The Méditerranée Rosé captures the region's coastal freshness and bright fruit character in a polished, approachable style. The brand emphasizes balance, vibrancy, and easy drinkability.

Wine Making

Grapes are harvested in the early morning to preserve freshness and natural acidity. Gentle pressing and short skin contact provide the wine's delicate pink hue and bright fruit profile. Fermentation occurs in temperature-controlled stainless steel to maintain aromatic clarity. The wine is bottled young to emphasize vibrancy and immediacy.

Food Suggestions

This rosé pairs beautifully with grilled seafood, fresh salads, and Mediterranean dishes. It complements charcuterie, goat cheese, and vegetable-forward plates. An ideal aperitif and a strong option for patio and summer wine programs.

TASTING NOTES

This Méditerranée Rosé opens with fresh aromas of wild strawberry, raspberry, and watermelon, accented by hints of citrus peel and white flowers. On the palate, it is crisp and refreshing, offering juicy red berry flavors balanced by lively acidity. A subtle mineral note adds structure and length. The texture is clean and precise with no heaviness. The finish is dry, vibrant, and elegantly refreshing.
