

LOONER SODAS

LOONER HALF & HALF 10MG

MINNESOTA • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

Production Notes

This hemp-derived THC beverage is crafted using a fast-acting cannabinoid formulation designed for quicker onset and more predictable effects compared to traditional edibles. The recipe combines tea and lemonade flavor components to create a nostalgic, easy-drinking profile. Carbonation and sweetness are calibrated to maintain refreshment and drinkability. Production focuses on consistency, stability, and approachable dosing for social consumption occasions.

Serving Notes

Serve well chilled directly from the can or over ice with a lemon wheel garnish for a refreshing presentation. The familiar tea-and-lemonade profile makes it especially approachable for consumers new to THC beverages. Ideal for relaxed social settings, outdoor gatherings, or alcohol-free occasions where a lighter functional beverage experience is desired.

TASTING NOTES

Looner Half & Half opens with bright aromas of black tea, lemon zest, and light cane sugar sweetness. The palate balances iced tea tannin with refreshing lemonade citrus, creating a familiar Arnold Palmer-style profile. Sweetness remains moderate, preventing the drink from becoming syrupy or overly heavy. A subtle tea bitterness adds structure and keeps the flavor refreshing through the mid-palate. The finish is crisp, citrus-driven, and clean, with lingering lemon and soft tea notes.

These items are only available to be sold in New Jersey.
