

GRUUE ELIXIR

GRUUE ELIXIR GRAPE SODA

10MG

UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

Production Notes

Gruuve Elixir Grape Soda is formulated using hemp-derived THC with a fast-acting emulsion system intended to improve onset consistency. The beverage is carefully carbonated to preserve freshness and soda-like texture. Flavor development focuses on authentic grape soda nostalgia while maintaining balanced sweetness. Production prioritizes shelf stability and approachable consumer experience.

Serving Notes

Best served ice cold directly from the can or poured over ice. It pairs naturally with social gatherings, movie nights, and relaxed occasions where consumers want an alcohol-free alternative. For a playful presentation, garnish with fresh grapes or a lemon twist.

TASTING NOTES

This expression opens with expressive aromas of concord grape, berry candy, and light citrus. The palate is lively and smooth, delivering classic grape soda character with balanced sweetness and bright carbonation. A subtle tart edge keeps the beverage refreshing through the mid-palate. The mouthfeel remains clean and approachable without excessive heaviness. The finish is fruity, nostalgic, and lightly lingering with grape candy notes.

These items are only available to be sold in New Jersey.
