

UPSTATE ELEVATOR SUPPLY CO

UPSTATE ELEVATOR BLACKBERRY ZINGER SODA 10MG

VERMONT • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

Production Notes

This beverage uses hemp-derived THC integrated into a fast-acting emulsion system designed for improved onset consistency. Flavor formulation focuses on bold blackberry soda character while maintaining balance and refreshment. Carbonation levels are calibrated to preserve liveliness and easy drinkability. Production emphasizes consistency, stability, and modern functional beverage positioning.

Serving Notes

Serve well chilled directly from the can or over ice with fresh blackberries or citrus garnish. Ideal for social settings, warm-weather occasions, or consumers seeking flavorful alcohol-free alternatives. The berry-forward profile also pairs well with charcuterie or barbecue dishes.

TASTING NOTES

Blackberry Zinger Soda opens with aromas of ripe blackberry, dark berry preserves, and subtle citrus lift. The palate is juicy and vibrant, balancing berry sweetness with refreshing carbonation and light tartness. A gentle herbal nuance adds depth without distracting from the fruit profile. Sweetness remains moderate, keeping the beverage crisp and sessionable. The finish is smooth, fruity, and lightly tangy with lingering blackberry character.

These items are only available to be sold in New Jersey.
