

UPSTATE ELEVATOR SUPPLY CO

# UPSTATE ELEVATOR RUBY RED RANCH WATER 10MG

UNITED STATES • NORTH AMERICA

## TECHNICAL DETAILS

### Production Notes

Ruby Red Ranch Water is crafted using hemp-derived THC integrated into a fast-acting emulsion system. Flavor formulation emphasizes grapefruit and lime character with restrained sweetness for a more cocktail-inspired profile. Carbonation levels are calibrated to preserve crispness and refreshment. Production focuses on modern functional beverage positioning and balanced drinkability.

### Serving Notes

Best served ice cold with a lime wedge or grapefruit peel garnish. Its lighter, citrus-forward style makes it ideal for daytime social occasions and warm-weather consumption. The beverage pairs especially well with tacos, grilled foods, and spicy cuisine.

## TASTING NOTES

The nose opens with fresh grapefruit zest, lime, and subtle mineral notes. On the palate, it is crisp and refreshing, showcasing ruby red grapefruit bitterness balanced by light citrus sweetness. Carbonation is lively but restrained, supporting a clean and highly drinkable texture. A faint mineral edge enhances the ranch water inspiration. The finish is dry, citrus-driven, and refreshing with lingering grapefruit character.
