UPSTATE ELEVATOR YUZU LEMONADE SPRITZ 10MG

VERMONT • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

Production Notes

Yuzu Lemonade Spritz is produced using hemp-derived THC in a fast-acting emulsion designed for consistency and rapid onset. The beverage combines yuzu-inspired citrus flavor with lemonade brightness to create a more elevated sparkling profile. Carbonation and sweetness are intentionally restrained to support balance and sophistication. Production focuses on clarity, stability, and premium beverage positioning.

Serving Notes

Serve well chilled in a wine glass or over ice with a lemon twist for an elevated presentation. The citrus-forward profile makes it especially refreshing for warm-weather occasions or light social gatherings. It pairs naturally with sushi, seafood, fresh salads, and lighter appetizers.

TASTING NOTES

This beverage opens with expressive aromas of yuzu peel, lemon zest, and subtle floral citrus notes. The palate is vibrant and refreshing, balancing tart lemonade character with the aromatic complexity of yuzu. Carbonation provides brightness and lift without overwhelming the delicate citrus profile. Sweetness is restrained, creating a crisp and polished texture. The finish is clean, zesty, and lingering with layered citrus character.

These items are only available to be sold in New Jersey.
