

DHŌS PALOMA NON-ALCOHOLIC READY TO DRINK

BEND • OREGON • UNITED STATES • NORTH AMERICA

TECHNICAL DETAILS

The Estate

Dh?'s Spirits was created by Bendistillery, one of the pioneers of premium non-alcoholic distilled spirits in the United States. The brand is dedicated to delivering sophisticated, spirit-inspired beverages that provide the complexity and ritual of traditional cocktails without the alcohol.

Production Process

Dh?'s Paloma is crafted using the brand's proprietary non-alcoholic botanical distillates blended with natural grapefruit and lime flavors to recreate the character of a traditional Paloma cocktail. Rather than simply removing alcohol, the botanical components are distilled specifically for non-alcoholic production to preserve aroma and complexity. Carbonation is carefully balanced to enhance freshness while maintaining cocktail-like texture. The finished beverage is ready to drink with no mixing required.

Serving Suggestions

Serve well chilled directly from the can or pour over ice in a Collins glass with a grapefruit wedge or lime wheel for a classic presentation. It pairs exceptionally well with Mexican cuisine, grilled seafood, tacos, and fresh citrus-based dishes. As a zero-proof cocktail, it offers an elevated alternative for social occasions, brunches, and mindful drinking without sacrificing flavor or sophistication.

TASTING NOTES

Dh?'s Paloma opens with vibrant aromas of fresh grapefruit peel, lime zest, and delicate botanical herbs. The palate is bright and refreshing, showcasing juicy ruby grapefruit balanced by crisp citrus acidity and subtle earthy botanicals. A gentle bitterness reminiscent of grapefruit pith provides structure and authenticity to the classic Paloma profile. Fine carbonation adds lift and a lively mouthfeel without overwhelming the flavors. The finish is clean, crisp, and citrus-forward with lingering grapefruit and herbal notes.
