BATCHED PREMIUM COCKTAILS

LEMON DROP MARTINI SMALL

BATCH COCKTAIL

NEW ZEALAND • OCEANIA

TECHNICAL DETAILS

The Estate

Batched Premium Cocktails crafts premium small-batch bottled cocktails designed to deliver the quality and balance of professionally mixed drinks in a convenient ready-to-pour format. The brand focuses on premium ingredients, classic cocktail recipes, and handcrafted production to provide an elevated at-home or on-premise cocktail experience.

Production Process

This small-batch cocktail is crafted by blending premium vodka with natural lemon flavors, citrus liqueur components, and carefully balanced sweeteners to recreate the character of a freshly shaken Lemon Drop Martini. Ingredients are batched in small quantities to ensure consistency and flavor integration. The recipe is designed to achieve a balance of bright citrus acidity, smooth vodka character, and restrained sweetness. The ready-to-pour format delivers a bar-quality cocktail with no additional mixing required.

Serving Suggestions

Serve thoroughly chilled and shake well before pouring into a chilled martini or coupe glass. For a traditional presentation, garnish with a lemon twist and a lightly sugared rim. Ideal as a refreshing aperitif, brunch cocktail, or easy entertaining option that delivers a classic Lemon Drop Martini experience with minimal preparation.

TASTING NOTES

The Lemon Drop Martini opens with bright aromas of fresh lemon zest, sweet citrus, and subtle vanilla. The palate is vibrant and refreshing, showcasing tart lemon juice balanced by delicate sweetness and hints of orange citrus. The vodka provides a clean backbone without overpowering the fresh fruit character. A silky texture gives the cocktail a polished mouthfeel while maintaining lively acidity. The finish is crisp, clean, and lingering with refreshing lemon and light citrus sweetness.
