BATCHED PREMIUM COCKTAILS

PINEAPPLE & CHILLI MARGARITA

SMALL BATCH COCKTAIL

NEW ZEALAND • OCEANIA

TECHNICAL DETAILS

The Estate

Batched Premium Cocktails creates handcrafted, small-batch bottled cocktails that capture the quality and balance of professionally mixed drinks in a convenient ready-to-pour format. The brand focuses on premium spirits, fresh flavor combinations, and classic cocktail craftsmanship, offering elevated ready-to-drink experiences for entertaining or everyday enjoyment.

Production Process

This small-batch cocktail is crafted by blending premium tequila with natural pineapple flavors, citrus components, orange liqueur, and carefully measured chili spice to recreate a freshly prepared craft Margarita. Ingredients are batched in small quantities to ensure consistency and balanced flavor integration. The recipe is designed to highlight the contrast between sweet tropical fruit, vibrant citrus, and gentle heat while preserving the character of the tequila. The bottled format provides a bar-quality cocktail that is ready to serve with no additional mixing required.

Serving Suggestions

Serve thoroughly chilled and shake well before pouring over fresh ice into a rocks glass with a Tajín or chili-salt rim. Garnish with a fresh pineapple wedge or lime wheel to enhance the tropical aromatics. It pairs exceptionally well with tacos, grilled shrimp, spicy Mexican cuisine, and fresh ceviche, making it an ideal cocktail for entertaining or warm-weather occasions.

TASTING NOTES

The Pineapple & Chilli Margarita opens with vibrant aromas of ripe pineapple, fresh lime, and subtle chili spice. The palate is bright and tropical, delivering juicy pineapple flavors balanced by crisp citrus acidity and smooth tequila character. Gentle chili heat builds gradually across the mid-palate, adding complexity without overpowering the fruit. The mouthfeel is silky and well-rounded, with sweetness carefully balanced by refreshing acidity. The finish is long and lively, leaving lingering tropical fruit, citrus zest, and a pleasant warming spice.
